Description of fiscal impact:

There will only be an impact to Montana Department of Transportation (MDT) if the bill does not pass. Current roadkill disposal costs are rising due to the price of fuel and the number of animals hit by vehicles traveling along the roadway.

FISCAL ANALYSIS

Assumptions:

- MDT currently disposes of dead animals according to law and incurs expenses when disposing of dead animals picked up from along the roadway.
- This bill will enable MDT to utilize animal composting facilities as licensed under the law and may reduce future costs, all based on the number of roadkill animals.
